# SALT of the Earth

## Exciting Eating

**Our apprentice, Ms Clydesdale, made smoothies and fruit salad as a part of a special 'Healthy Eating' experience day.**

**With Eating and  
ing new things!**

**part of our Euro-  
Project work this  
we have introduced  
upils to the idea of  
g new and exciting  
. We tried Greek  
and starters, Span-  
pas and also some  
al Scottish Tapas.**

**Very special thanks to Mrs Currie who prepared the three different selections of 'tapas' and dips to match our theme days. The pupils' ideas about new foods were used to help select the types of food that we tried.**
